SUMMARY

Full Stack Developer skilled in React, Next.js, Tailwind CSS, Node.js, Express.js and MongoDB, with hands-on experience building responsive web applications, REST APIs, secure authentication and third-party API integrations. Committed to writing clean, maintainable code and building reusable components. Eager to contribute to a product-focused engineering team and grow through real-world projects.

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), HTML5, CSS3
- **Frontend:** React.js, Next.js, Tailwind CSS, Responsive Design
- **Backend:** Node.js, Express.js, REST APIs, JWT Authentication, bcryptjs, Multer (file uploads)
- **Database:** MongoDB
- **API Integration:** Google Gemini API, OCR.Space API
- **Concepts:** Object-Oriented Programming (OOP), System Design (fundamentals), Component-Based Architecture
- **Tools:** Git, GitHub, VS Code, Vercel

PROJECTS

QuizCraft - AI-Powered Quiz Platform

Link: quize-project-kohl.vercel.app/

- Built an interactive quiz interface in Next.js with an Express.js REST API backend and MongoDB for storing quiz data.
- Integrated the Google Gemini API to generate customized MCQ, True/False and short-answer quizzes based on the user's subject, difficulty level and preferences.

Warranty Vault - Product Warranty Management

Link: warranty-vault-ivory.vercel.app/

- Developed a responsive React and Tailwind CSS interface with Express.js REST APIs and MongoDB to store product and warranty details.
- Implemented secure user access with JWT authentication and bcryptjs password hashing; added document uploads using Multer.
- Integrated the OCR.Space API to extract information from warranty documents, and added email notifications for warranty updates and expiry reminders.

Smart QR Studio - Custom QR Code Generator

Link: smart-qr-studio.vercel.app/studio

- Developed a responsive QR generation interface using Next.js and Tailwind CSS.
- Used the qrcode npm package to generate QR codes for text, websites, phone numbers, emails and Wi-Fi details, with customizable colors, size and margins.
- Added one-click copy and PNG download using browser APIs.

EDUCATION

- Self-taught through freeCodeCamp, W3Schools and YouTube tutorials
